We are pleased to announce the official opening of our new Visornets UK logistics hub and warehouse facility.

This strategic milestone reinforces our ongoing commitment to delivering faster, more efficient, and highly personalised service to customers across the United Kingdom.

Built to support growing demand and streamline every stage of our supply chain, the new facility is designed to enhance our local presence, ensure consistent product

availability, and accelerate delivery times all while maintaining Visornets unmatched standards of quality and reliability.

Why our new UK warehouse matters

With this new logistics hub, Visornets strengthens its capability to provide:

UK stock availability

By storing key product ranges directly within the UK, we eliminate lengthy cross-border lead times and ensure immediate access to our most requested safety systems and solutions.

Whether you require fall arrest nets, accessories, or custom installations, our warehouse keeps essential products closer to your projects.

Faster order processing and shipping times

Speed is no longer a luxury it’s an expectation.

Our UK facility allows us to reduce handling times, prioritise urgent requests, and ship orders faster than ever before. The result is a more responsive supply chain, designed to meet tight deadlines and high-pressure project environments.

Dedicated UK point of contact

Customers will now benefit from a UK-based sales and service team, ready to provide guidance, technical support, and immediate assistance.

No more waiting for international responses you get solutions in real time, tailored to the needs of the UK market.

Improved service efficiency and reliability

From procurement to packaging and dispatch, our warehouse operations are optimized to minimise errors, shorten turnaround times, and support long-term project planning.

This infrastructure allows us to maintain consistent stock rotation and reliable deliveries even during periods of high demand.

Optimised distribution across the UK

The new hub enables us to manage distribution strategically, from local deliveries to nationwide shipments.

Contractors, distributors, and industrial partners can expect smoother coordination, predictable delivery windows, and improved logistics flexibility.

Storage capacity designed for growth

Our warehouse has been equipped with ample storage capacity and an extensive product catalogue, ensuring that we can respond dynamically to market needs. With additional space for future stock expansion, we are fully prepared to scale alongside our customer base.

The facility has been designed not just to store inventory, but to support rapid dispatch, safe packaging, and structured supply operations. This means that Visornets can guarantee product availability more consistently while reducing operational bottlenecks.

Flexible logistics, guaranteed faster delivery

One of the greatest advantages of our UK logistics hub is its ability to dramatically shorten delivery routes.

By moving stock directly into the UK market, we streamline every stage of the customer journey:

Reduced lead times

Whether your needs are urgent or scheduled in advance, this infrastructure ensures that Visornets delivers more efficiently than ever before.

Built to support industrial & safety-driven projects

As a trusted provider of safety nets, fall arrest systems, and industrial protection equipment, Visornets understands that project timelines can be tight, demanding, and unpredictable.

Our new UK facility empowers us to offer the kind of logistical speed and operational flexibility that contractors, installers, and construction professionals rely on.
From stadium installations and industrial facilities to commercial renovations and high-risk environments, we are now positioned to support projects of every scale with faster access to stock and safer delivery planning.

Thank you to our partners and customers

This achievement is the result of the continued trust and support from our customers, suppliers, and partners.

Your confidence in our solutions has driven Visornets to expand, innovate, and invest in infrastructure that benefits you directly.

We are proud to open this new chapter with you and look forward to continuing to provide the best service, highest standards, and industry-leading safety products.
